

Complaints Publication Report

In the UK, the Financial Conduct Authority (FCA) requires financial services firms to report on the number of customer complaints received by the firm in respect of FCA regulated services, on a half yearly basis. We publish details of the number of regulated complaints we deal with, the percentage of complaints we close and the percentage of complaints we uphold. This information is contained in the table below.

Our complaints handling

We will work to resolve any issue as quickly as possible, keeping the customer informed at all stages and ensuring that we adhere to our own internal controls with regard to Treating Customers Fairly requirements. The efficient and timely handling of complaints is very important to Close Brothers Limited, and as a key aspect of our customer service delivery we are constantly striving to improve our processes as our business grows.
